General Docket No. 09-191, *In re Matter of Preserving the Open Internet
Broadband Industry Practices*

General Docket No. 10-127, *In the Matter of Framework for Broadband
Internet Service*

Dear Ms. Dortch:

Today the Computer & Communications Industry Association ("CCIA"), represented by Ed Black, President and Chief Executive Officer, and Cathy Sloan, Vice President Government Relations, met with Zachary Katz, Legal Advisor to the Chairman for Wireline Communications, International and Internet Issues to discuss matters related to the above named proceedings.

Specifically, CCIA articulated its support for the FCC's Notice of Proposed Rule Making in General Docket No. 09-191. Additionally, CCIA voiced its support for the Commission adopting the so-called, "third way" legal framework on broadband Internet services.

This disclosure is made pursuant to 47 C.F.R. § 1.1206.

Please do not hesitate to contact me with any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read "Philip Brink". The signature is fluid and cursive, with the first name "Philip" written in a larger, more prominent script than the last name "Brink".
